Summary

Motivated Software Developer skilled in Python, JavaScript, and full-stack technologies. Completed training in development and soft skills. Passionate about problem-solving, learning, and building responsive, efficient applications in dynamic, tech-driven environments.

Education

Saint Marys Syrian College - Brahmavar   Brahmavar, Udupi
Degree in **Bachelor of Computer Applications**   Up to 5th Sem
CGPA: **9.1**

Govt PU College - Ripponpet   Hosanagara, Shivamogga
PUC - PCMB   March 2020
Percentage: **62.16%**

Government High School - Kodur   Hosanagara, Shivamogga
SSLC   April 2018
Percentage: **91.36%**

Experience

GreyCrust Solutions | Full-Stack Development Intern   Remote | 29th Jan 2025 – Present
- Developed and maintained full-stack applications using React, managing dynamic routing and implementing responsive designs to enhance user experience.
- Gained hands-on experience in front-end and back-end development, improving problem-solving, coding efficiency, and teamwork skills.

Skills

Programming Languages:	Python, JavaScript, C, Java
Libraries/Frameworks:	React, Node.js, Next.js, Express, TailwindCSS
Tools / Platforms:	Git, GitHub, VS Code, XAMPP
Databases:	SQL, MongoDB

Projects / Open-Source

Portfolio Website: **Next.js, TailwindCSS**
https://pavanmogaveer.me
- Developed and designed a personal portfolio using Next.js, showcasing projects, skills, and experience. Implemented a fully functional contact form for direct email communication. Optimized for responsiveness, user-friendly navigation, and seamless performance, with deployment on Vercel.

Password-Manager   **React, TailwindCSS, MongoDB, Express**
https://github.com/PavanMogaveer/Password-Manager
- Developed a secure, full-stack password manager application using React, TailwindCSS, MongoDB, and Express. Designed key features to efficiently store, update, delete, and manage credentials, ensuring seamless access, enhanced data security, and user-friendly organization.

Spotify Clone   **HTML, CSS, JavaScript**
https://github.com/PavanMogaveer/spotify-clone
- Developed a fully responsive Spotify clone using HTML, CSS, and JavaScript, replicating key features of the streaming platform.
- Designed dynamic and intuitive UI components to enhance user experience, with seamless navigation and optimized responsiveness across devices.

Certifications

- Full Stack Developer Bootcamp - Master Frontend to Backend of duration 8 weeks - **GeeksforGeeks**
- Python Course with Certificate - **GeeksforGeeks**
- JavaScript Course with Certification: Unlocking the Power of JavaScript - **Scaler**
- Career Essentials in Software Development - **Microsoft and LinkedIn Learning**
- Soft Skill Training - **Ramakrishna Hegde Skill Development Centre (Udupi)**
- TCS iON Career Edge - Young Professional – **TCS iON**
- SQL Intermediate – **HackerRank**

Honors & Awards

Champions of Samrachana:
- Winner of the Inter-College Web Designing Competition at Poornadvaitha Fest, Poornaprajna College, Udupi.

Leadership & Community Engagement

Vice President & Head of Planning Committee – Tech Quest 2.0, **Saint Mary's Syrian College, Brahmavar**
- Led the planning and execution of Tech Quest 2.0, a college-level technical event.
- Managed key events, including IT Quiz, Debugging Challenge, and Web Designing Competition, ensuring smooth coordination and participation.

Technical Seminar Presenter – Saint Mary's Syrian College, Brahmavar
- Delivered a seminar to juniors on foundational concepts of Python programming and web technologies.
- Explained core topics such as data types, loops, and functions in Python, as well as HTML, CSS, and JavaScript basics.
